## SNAPSHOTS OF PAPERLESS OFFICE

To improve the efficiency of office administration and management and to bring minimum government and maximum performance, the digital or online platform is well planned and executed.

To meet the needs of digital and online mode and administration and no usage / less usage of paper, much of the office, meetings and procedures are done through the digital modes like mails, whatsapp and video discussions.

Unified University and College Management System-UUCMS is well organised and strictly followed which is used to carry out all the details of students and communication between the institution and departments via online only. Thus minimizing the usage of files and papers, State Scholarship Portal is effectively executed for scholarship governance

Much of the activities like income tax returns and payments, professional taxes etc. are mainly through internal portals.
