Monitoring Mechanisms during Internship Programme

SKMK College adopts effective monitoring mechanisms during Practice teaching which is conducted in different school of the region.

- Two lessons per day are delivered by the Teacher educator during their practice teaching sessions.
- Teacher educators (preferably subject experts) from the college are deputed to the schools to check and approve the lessons plans beforehand. The student-teachers are allowed to deliver the duly approved lesson plans. 60 to 70 percent of the lessons in schools are observed by the faculty.
- Teachers of concerned schools also observe the lessons. The school teachers are encouraged to give suggestions for improvement if any. Teacher educators and school teachers note down remarks on the lesson plan book. Thus, on the spot feedback are provided to the student-teachers. More feedback comes in the form of discussion with the observers which is done soon after the lesson is finished;
- Detailed feedback is also provided in the college collectively on subsequent days. Remarks on the notebook, subsequent discussion and observations based on self-reflection are taken into consideration for bringing about improvement in the teaching skills of the pupil teachers. The process of observation and feedback is comprehensive and continuous.
