SRI KAGINELE MAHASAMSTHANA KANAKA GURUPEETHA COLLEGE OF EDUCATION (B.Ed. Aided)

(Recognized by NCTE, Permanently affiliated to University of Mysore)

Survey No.1, Ward No.58, Adichunchanagiri Road, Kuvempunagar, Mysuru-570023

Placement Cell

To provide career guidance and avenues open after graduation and to provide recruitment to students, a placement cell is constituted in the college comprising of the following members

Sl. No	Name	Designation
1	Dr.Vishalakshi K K	Principal SKMK College of Education
2	Dr.Sharath Kumar S M	Asst. Professor SKMK College of Education
3	Dr.Selvakumar S	Asst. Professor SKMK College of Education
4	Dr.Asha	Retired Principal Somani College of Education
5	Dr.Divya	Principal Kalidasa PU College, Mysore

Under the placement cell, various activities including guidance and orientation are given to all the students. Mock interviews and Mock CETs are also conducted to give real exposure of placement procedure. During the assembly programme and classes, all the students are well informed the openings available in the institutions or companies. Regular monitoring is made to make right choice at right time. Classes on CET and SLET exams are also be conducted during zero hour. The placement cell having harmonious relationship with schools assists in placement services of all the students.

PLACEMENT CELL REPORT

2018-19

SKMK College of Education started maintaining the records of recruitments only during the year 2018-19. we analyse the placement data available during the year 2018-19 the outcome would be as follows:-

Out of 50 students, only two students were placed in government institutions. Around 8 to 10 students found positions in private educational institutions. Approximately 15 students have completed the Teacher Eligibility Test (TET) conducted by the Government of Karnataka.

From this data, it appears that a smaller percentage of students were placed in government institutions compared to private ones. The number of students completing the TET is noteworthy as it indicates a higher number of students potentially qualified for teaching roles, which might be a point of focus for future placement strategies.

2019-20

SKMK College of Education started planning to create more job opportunities for the existing trainees but the COVID-19 pandemic has significantly impacted the placement situation of trained graduate teachers from our Teachers Training College. With financial constraints and educational institutions reducing their workforce, the prospects for placements have been challenging.

Government Placements:

Out of a cohort of 50 students, a mere 3 students have been selected as graduate primary teachers through Adobe basis in the Education Department of the

Government of Karnataka. These positions offer a consolidated salary, indicating limited opportunities within the public sector.

Private Educational Institutions:

Only 4 students have secured positions in private educational institutions. The low number further emphasizes the difficulties faced in securing placements within these establishments.

Teacher Eligibility Test (TET):

Notably, there has been no Teacher Eligibility Tests (TET) conducted this year due to the adverse effects of COVID-19. This absence of examinations has further restricted the avenues available for aspiring teachers to enter the educational workforce.

The placement scenario for trained graduate of SKMK College of Education has been severely affected by the pandemic. The limited government placements, scarcity of opportunities in private institutions, and the absence of TET examinations have collectively contributed to a challenging job market for our graduates. Moving forward, proactive measures and collaborations with educational bodies might be necessary to enhance placement prospects for our students in these trying times.

2020-21

Despite the challenges posed by the COVID-19 pandemic, SKMK College of Education has seen a significant surge in job opportunities for its graduates. The increased demand for online teaching faculties has been a key factor in providing promising career paths for our skilled teachers proficient in ICT-based education methods.

Job Placement Overview:

Out of a cohort of 50 students, an impressive number of 8 students' secured positions in private schools, emphasizing the industry's recognition of our graduates' capabilities. Additionally, 4 students were selected for government schools, offering stable employment on consolidated salaries. This demonstrates the industry's trust in our graduates' skills, even during these challenging times.

Government Initiatives and Achievements:

The conclusion of the academic year witnessed a positive turn as the Government of Karnataka organized a teacher eligibility test. Notably, 9 out of 50 students successfully completed this test, reflecting the high level of preparedness and competence instilled in our graduates by the college's education program.

The College of Education's commitment to providing a robust education combined with an emphasis on ICT skills has proven pivotal in creating job opportunities for our graduates. Despite the adversities of the pandemic, the significant number of placements in private and government institutions, coupled with success in eligibility tests, highlights the resilience and preparedness of our students for the teaching profession in this challenging period.

2021-22:

Out of 50 final year students, around 10 secured job opportunities. Out of this 02 were government jobs, while the remaining 8 were in private schools. Additionally, around 14 students successfully cleared the Teacher Eligibility Test conducted by the Government of Karnataka, a prerequisite for teaching in secondary schools.

Some graduates have chosen to pursue higher education, including M.Ed., M.A, M.Com, and M.Sc. programs. Some students have opted to join coaching classes to prepare for competitive examinations.

This indicates a gradual increase in job opportunities, with a mix of placements in both government and private sectors, while some students are focusing on further education or preparing for competitive exams.

2022-23

The job market for teacher educators has seen a slow recovery post-pandemic, marked by a cautious approach to hiring in the education sector.

Efforts by the College of Education: The College of Education has actively engaged in creating job opportunities for existing teacher educators through various means, including planning campus interviews and participating in job fairs.

Challenges in Recruitment: Despite efforts, the recruitment process has faced delays, leading to a limited number of opportunities. As of now, only 3 graduates have secured positions in private schools, indicating a slow uptake in placements.

Pending Data Finalization: The recruitment data remains inconclusive, hindering a comprehensive assessment of job placements for teacher educators.

Teacher Eligibility Test (TET) Completion: Around 11 students have successfully completed the Teacher Eligibility Test, awaiting suitable job opportunities.

Higher Education Pursuit: Some students have opted for higher education, diverting their focus from immediate job placements to further academic pursuits.

Collaborative Efforts: Collaborating with educational institutions, conducting networking events, and inviting potential employers to campus can bolster job prospects for teacher educators.

Career Guidance: Providing career counseling and guidance to students aiming for higher education can help align their aspirations with suitable opportunities.

Diversification of Opportunities: Exploring diverse avenues beyond traditional teaching roles, such as curriculum development, educational technology, or administrative positions, can broaden job prospects.

The current job opportunity scenario for teacher educator's post-COVID has been challenging, with a slow uptake in placements and data inconclusiveness. However, concerted efforts in data finalization, collaborative initiatives, career guidance, and diversification of opportunities can significantly enhance job prospects for graduates.

Subject: Request for Sending Qualified Teacher Graduates for Open Positions

Dear Sir/Madam,

I hope this letter finds you well. I am writing on behalf of Vidyanidhi Education Society (R), situated in Ramanagaram town, operating a number of educational institutions under the banner of MH Group of Institutions. We are currently seeking well-qualified and dedicated Post Graduate Teachers (PGT) and Trained Graduate Teachers (TGT) for our Central Public School.

Considering the esteemed reputation and academic excellence of SKMK College of Education, we believe that your institution nurtures and produces outstanding teaching graduates. We kindly request your collaboration in recommending suitable candidates who have the requisite qualifications, passion for education, and dedication to join our esteemed institution.

The positions we are looking to fill require individuals with expertise in [mention specific subjects or areas if applicable]. Candidates who possess a strong commitment to nurturing young minds and contributing positively to the academic environment would be ideal for these roles.

We would greatly appreciate it if you could provide us with the profiles of interested and qualified graduates from your esteemed institution. Any assistance you could offer in connecting us with potential candidates would be invaluable.

Please find attached our detailed requirements and job descriptions for the aforementioned positions. Additionally, should you require any further information or clarification, please do not hesitate to contact us.

Thank you very much for your attention to this matter. We eagerly await your response and potential collaboration in fulfilling our staffing needs.

Dear Sir/Madam

Subject: Request for Employment Opportunities for our teacher Graduates

I am writing to express the interest of SKMK College of Education in establishing a partnership with Vidya Vikas Pre University College Mysore, to provide employment opportunities for our Bachelor of Education graduates.

Our institution takes immense pride in nurturing and developing skilled educators who have successfully completed their Bachelor of Education degree. Our graduates possess a strong foundation in pedagogy, practical classroom experience, and a dedication to shaping the future of education.

We believe that collaborating with esteemed organizations like yours could mutually benefit both our graduates and your institution. By offering employment opportunities to our Bachelor of Education alumni, your organization can gain access to highly motivated and competent individuals who are eager to contribute their knowledge and skills to the field of education.

We are open to discussing various forms of collaboration, including internships, part-time positions, or full-time employment opportunities. Your support in providing these opportunities would not only assist our graduates in launching their careers but also contribute significantly to the enhancement of education within your institution.

I am here by enclosing a list of B.Ed graduates. You can call them for interview
